For "EXAM" Time

Promise your Boy or Girl a
C.C.M. Bicycle for Passing

LET golden hours of pleasure on a smooth-running C.C.M. Bicycle be the reward of concentrated hours of study.

Your boy—your girl—wants a BICYCLE. He or she will only be young once. Let "Exam" time be your excuse for gratifying that desire. Put it up to your boy or girl to pass the "Exams" with flying colors. Hold out the reward of a new C.C.M. Bicycle.

A C.C.M. has many points of superiority, including the famous Triplex Crank Hanger, the Hercules Coaster Brake, 20-year nickel-plating, three coats of enamel baked on over a coat of rustproof, larger ball bearings for easy running, Dunlop Tires.

Get your C. C. M. catalogue at the nearest dealer's or write to Canada Cycle & Motor Co., Limited, Weston (Ont.), Montreal, Winnipeg or Vancouver.

THE motor-car buyer... the final judge of automobile values... has registered enthusiastic endorsement of the revolutionary advances made by the 1929 McLaughlin-Buick!

During the past month, McLaughlin-Buick sales have been 25% greater than March of last year... greater than any previous March in all McLaughlin-Buick history.

More people buy McLaughlin-Buick than any other car at or above its price... because the 1929 McLaughlin-Buick with its Masterpiece Bodies by Fisher, has unquestionably established a new standard of performance and a new order of beauty.

PLAIN TALK ON BEEF

Two say there is no beef like the roast beef of old England. Apparently Canadian beef exported to the British Isles has done little as yet to challenge the supremacy of the home product, and seemingly it never will, until we improve our methods. An English newspaper, the Morning News of Plymouth gives us some

Fireguard Case Dismissed

Mr. F. A. Jacobson, of Brooklyn, came before Mr. H. G. Scott at Red Deer last week on a charge of not having proper fireguards on his land, R. W. 16-28-20-21, when he set out a fire on April 26th, the Crown alleging that the fire ran over sections 9, 10 and other lands, destroying a couple of granaries and about 100 bushels of grain. The magistrate held that the Crown had not sufficiently established their case and gave the accused the benefit of the doubt. A second charge of lighting a fire and allowing it to escape was withdrawn. Sergeant Holmes, A. P. F., appeared for the Crown, and Mr. J. F. Clure for the defendant.

On the east the fireguard consisted of plowed land on Julius Jacobson's place; on the west it was back-fired on the road allowance; on the south there were some 100 to 150 yds. of stubble land double disced; the fire was kindled on the north line of the quarter. There were three adults on the land, one dining, two at the fire. The evidence of Sgt. Holmes and Chief Cameron was that Mr. Jacobson admitted that he had been negligent in the statutory provisions for setting out the fire but Mr. Clure's argument was that Sgt. Holmes had not asked the questions of Mr. Jacobson along the lines of the statutory wording. Mr. W. G. Gauld, who was herding sheep adjoining, described the fire as arising from highly inflammable prairie land in the middle of the quarter which was south of the double disced stubble land, and away from the fire started by Mr. Jacobson on the north line. There was a wind of about ten miles an hour, probably, Mr. Jacobson thought, but both he and Mr. Gauld did not believe the fire would jump the double disced stubble. They could not account for the origin of the fire which over-ran the other quarter; they did not know of any other fire set out in the district that day.

Arrangements have been made to hold a Child Welfare Clinic under the auspices of the Lacombe and Lake-side Women's Institutes on Monday and Tuesday, June 10th and 11th. Mothers of the Community and District are invited to bring their children up to six years of age for free examination. Miss Emerson, Public Health Nurse will be in charge.

Here and There

(301)
The Prince of Wales has again extended his patronage to the Banff Highland Gathering and Scottish Music Festival to be held this summer at the Banff Springs Hotel in the Rockies. The Prince, his family and athletes from all parts of the country complete in these popular games.

Two baby black bears were great attractions recently at the Detroit Sportsman's Show. They were from Phil Lamotte at Mattawa, Ontario, and were escorted to their destination by a member of the C. P. R. general tourist department, who had sundry scars to show in proof of the existence of the babies' first teeth.

Enough flowers are planted by the Canadian Pacific Railway each year to beautify a couple of cities. The floral branch each year sends out to station agents and employees along the line plants, bulbs, shrubs, seedlings, and seeds by the tens of thousands to decorate the company's right-of-way.

Five railway cars were required to move the equipment of the mammoth Canadian Great recently installed in the new Royal York Hotel in Toronto. The hotel is the tallest building in the British Empire.

Tyndall stone, which shows to such great effect in the famous Banff Springs Hotel in the Rockies, is to be used in the construction of the new building for the T. Eaton Company in Toronto, the first unit of which is now being built.

The year's champion cattle raiser in British Columbia is Annie Turner, twelve-year-old daughter of James Turner, Cadboro Bay stock breeder. Her 15-month-old short-horn steer, sired by Braidhill Marquis and weighing around 1,100 lbs., won the grand championship of all breeds at the Kamloops bull sale and fat stock show.

Each set of equipment of the Trans-Canada Limited and Mountaineer, and there are eighteen of them, is worth upwards of a million dollars this year, the new rolling stock having added considerably to the value as well as to the attraction of the famous flyer. The C. P. R. Agent Shops at Montreal were busy all winter building special sleeping, dining, and solarium lounge cars for this special luxe service between Montreal and Vancouver and Chicago and Vancouver.

The Indian of old could wield a wicked tomahawk but to-day he can handle a mean brute. The tomahawk is threatened on the golf links by Indian golfers and it is likely that at Alberta, the Redskins will develop even greater prowess. Indian caddies, it has been reported, are in the field on the eighteen hole golf course at this famous mountain resort, and the Indian caddies are likely to become ardent golfers.

frank advice on the matter. It says that Canadian stock raisers have a lot to learn, and goes on:

"Canadians are notoriously sensitive to criticism, but in their own interests they should be told quite plainly that their beef is of the lowest grade and quite unfit to be placed alongside representative English beef."

Harking back to a tour of Canada made last year by some British agriculturists, the paper continues: "On the homeward voyage were Britons who, all their long lives had been associated with agriculture, and they confirmed the statement of others whose opinion is of special value that not once in a four right across Canada did they taste enjoyable beef, tender and palatable."

With all due deference to British opinion, we venture to suggest that the English visitors to Canada were unlucky in their choice of table they sat at or the beef they happened to be served with. Admitting, however, that much of the beef which is eaten in Canada is far from rivaling the prime roasts of old England, what are we to do about it?

First of all, it should be pointed out that the selection and cooking of the meat has a lot to do with the impression it leaves on the gourmet's palate. After that, we might be willing to admit that in the art of finishing cattle for the butcher, as the English newspaper suggests, the Canadian cattlemen have something to learn. There is no reason why Canadian beef should not be as choice as British beef. We have the stock, we have the fodder and we have the men. All that seems necessary is to apply more care and thoroughness to the "finishing" of the cattle for the table. If we do not, it is hopeless to expect Britishers to buy Canadian beef in the quantities which our cattlemen would like to supply. For there is nothing that the Britisher insists upon more emphatically than a tasty Sunday "joint of beef."

In Africa---

Beer, known under many different names according to the country in which it was used in ancient days was also known and used in Africa. For how long it had been known to the natives is uncertain, but an eminent authority, Dr. G. T. Mann, tells us that the Kaffir name of South Africa have made for ages, and still make a drink from the seed of the millet which is first subjected to a malting process identical with our own. Right from the ancient times comes up to the present time beer is the accepted beverage.

Today Mal Beverages BEER—ALE—STOUT are considered Health Drinks.

Where BEER has once been introduced, it has generally become the national beverage. Ency. Brit. on "BEWING"

New Whippet
FOURS SIXES

SUPERB BEAUTY
MUCH Larger Bodies

As soon as you see and drive the new Whippet Four or Six, you will readily understand its sweeping success and record sales. First, there is the supreme beauty of design that makes the new Whippet the style authorities in their classes. Then, when you enter either car, you will be gratified with its spacious, tastefully appointed interiors. The longer wheel-base gives several inches of added leg-room. Seats are considerably wider and have form-fitting contours, assuring restful, comfortable positions for all passengers.

Now... a full line of Whippet Commercial Cars and Trucks ranging in price from \$600 to \$1500. Locomotive, 1929.

The greatest driving convenience since the self-starter. A single button in the centre of the steering wheel controls all functions of starting the motor, operating the lights and sounding the horn.

Impressive as the new Whippet is in beauty and performance, they are also remarkable for their dependability and low consumption of gasoline and oil make them well qualified to carry on Whippet's superb reputation for operating economy and minimum service costs. Arrange for a demonstration.

MUNICIPAL HOSPITAL

Arrangements are about completed
for taking the vote on the Lacombe
Municipal Hospital. Those who have
been working hard to bring the ques-
tion before the people interested re-
port that there is a strong favorable
feeling towards the scheme. Most of
our people now realize that the munici-
pal hospital scheme is the logical
one, and are working in its interests.
The charges for the Municipal
Hospital, is \$1.00 a day, as against
the present charge, in smaller hospi-
tals of from 12.50 to \$1.00 a day.
In the event of the scheme securing
the sanction of the ratepayers, the
cost to individual land owners will be
very slight, the maximum tax fixed
by the government being 2c. an
acre, but those who have given the
matter thought, and from the re-
sults in the other twenty-five munici-
pal hospitals in Alberta, it is cer-
tain that the tax will be much below
this rate, probably 2c. per acre.
Before the voting day is set, the mat-
ter will be thoroughly explained in all
parts of the proposed district, by
parties in a position to give the
facts.

NOTICE TO GOLFERS

There are a few intending golf
players who have not yet paid their

fees. Please do so at once if it is
your intention to play golf this season.

On May 24th, there will be mixed
fourcous starting at 3 p.m. The
draw will be made at the Club house
before time for game to begin.

On Sunday, May 28th, the district
game in the World Competition will
be played over the Lacombe course.
The clubs competing are: Didsbury,
Lamont, Red Deer and Lacombe. All
members of this club who intend to
enter, please be on hand to start at
1 p.m.

CORP COLLETT GOES TO WETASKIWIN

Corp. Collett, A.P.P., who has
been in charge of the Lacombe De-
tachment for the past twelve years,
has received word that he has been
transferred to Wetaskiwin, and leave-
on Saturday. Since coming to
Lacombe, Corp. Collett and family
have made many friends, both in
town and country, who are all sorry
to see him go, but are pleased that
his removal means a promotion.
Corp. Collett is a painstaking and ef-
ficient officer, and has administered
the law here in an impartial manner,
always willing to give "the other
fellow" a chance. We all wish
Corp. Collett a happy time in his
new home.

From Mr. Puffer

Editor, The Western Globe:

With reference to Mr. Chown's
letter in your issue of second inst.,
I may say that at first thought, it
seemed to me that there had been
"nuff sed", and as Mr. Chown ap-
pears to be very angry with me,
which is so plainly shown by the car-
icature remarks concerning myself
throughout his letter, it may be
wrong for me to write any more, and
thus further to provoke him. There
is something in the Bible about "not
provoking children to wrath," so
perhaps I have seriously erred in
differing with him at all. I have had
some curiosity all along as to what he
would try and offer in support of
his assertions and re-assertions, but
apparently he has nothing left but a
bad frame of mind. I will not at-
tempt to go over any of the ground
covered by the letter as it is mostly
pretty deep mud, but will refer to
the paragraph respecting the sale of
his cattle to Mr. Manolson, the
"Livestock Procurer", and will
quote the exact words he uses in ex-
plaining his deal and concerning
which he declares that "I told a
downright falsehood," commencing
at this part of his letter where Man-
olson came to his place to buy his cat-
tle. He stated as follows "I told
him that I was very busy" at the
time; and that he would have to deal
with Mr. Thompson, the manager of
the association. He himself went
to Bentley and got Mr. Thompson
and brought the cattle from him." Mr.
Manolson tells me a different
account of the transaction. Vix, that
he dealt with Mr. Chown direct, but
that when they had their deal about
made, Mr. Chown did say that he
would like to ask Mr. Thompson's
advice as to whether he was getting

enough for the stock, and that Mr.
advice as to whether he was getting
good price. So the deal was then
concluded by Mr. Chown signing the
following agreement and which
is the usual custom in closing a deal
of this kind.

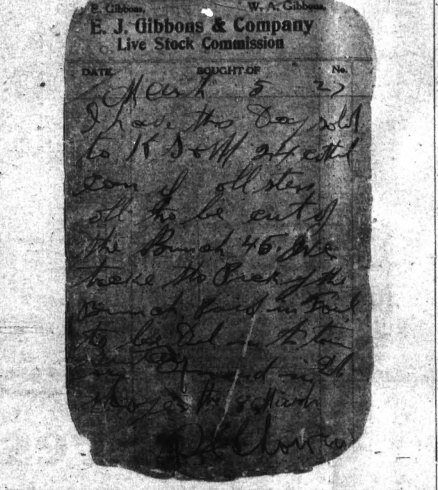

Following is a photograph of the
leaf in Mr. Manolson's book where
the original agreement with Mr.
Chown is written and confirms Man-
olson's statement that he made the
deal with Mr. Chown himself.

Mr. Manolson also tells me that
"when Mr. Chown found that it
was known over the country that he,
the president of the Pools had sold
his own stock, he lured Manolson back
a month or so later on the pretence
that he would call him more cordially,
and at considerable inconvenience to
Mr. Manolson. He told him that he
would not have it known for hun-
dreds of dollars, seemed to be in very
bad temper and abused him something
like he did myself in his last letter."
I have never questioned the right
of anyone to do just as they please as
to how or where they sell their stock,
or even if they wish to sign away their
rights to sell it themselves—it is
their own business.

The public is entitled however to
accurate information with respect to
such matters, and I think this discus-
sion has served to show that state-
ments made by both men as Mr.
Chown should be given very little
attention. Possibly he had an ambi-
tion for the big job Alf. Harstad is
getting, (congratulations, Alfred!).

In closing I wish to say that I have
no unfriendly feeling towards any-
one who has taken part in the discus-
sion, and trust that I have not wound-
ed anyone's feelings very deeply, my-
self.

So then, brethren, let us shake
hands and live Happily Every After.

LACOMBE BASE BALL TEAM ORGANIZED

A large number of baseball follow-
ers held a very successful and enthu-
siastic meeting on May 16th for the
purpose of organizing a baseball club.
It was felt that Lacombe could pre-
sent a very strong team this year,
now and promising material having
shown themselves in one or two prac-
tices, and several names mentioned
as prospects.

Mr. L. Minkler acted as chairman.
The following officers were elected
with the hearty approval of all present:
Hon. President, Mayor G. T. Jack-
son; President, D. Hay; Vice-Presi-

dent, S. M. Murray and R. B.
Thompson; Secretary, T. Edmunds;
Treasurer, P. Denner.
Those chosen for the executive
committee were:
Dr. I. S. Irving, T. Lorimer, L. M.
Paddison, A. B. Towne, J. Taylor,
N. Campbell, L. Campbell, C. Gilles,
A. McLeod, representatives from
Bentley, Clive, Blackfalds and La-
combe were held Wednesday evening,
May 22nd. The schedule was drawn
up, umpires named and play-off ar-
rangements made. Bentley, Clive
and Blackfalds consider themselves
very strong, and no doubt will be
able to give a good account of them-
selves and be a strong and lively op-
position. Owing to lack of space
the schedule can not be printed in
this week's issue.

Mirror has accepted Lacombe's
challenge for a home and home game
the first game to be a holiday fixture
to take place on May 24th at 3:00
p.m. Mirror has a reputation in
baseball circles for playing the best
ball in the fastest league, so it is
expected that they will field a strong
team and win a wicked bat. This
will be the first game of the season,
and it will give manager L. Minkler
of the locals an opportunity to show
his team and the brand of ball that
will be furnished this year.

The members of the club wish to
thank all those who so kindly contrib-
uted towards the Club's funds, the
spirit in which it was given was very
encouraging.

Drive it—and you'll know
Chrysler performance IS different

Chrysler enjoys its universal prestige
and popularity because Chrysler is
unique among motor cars.
There is no other motor car perfor-
mance quite like Chrysler performance
—so silky in power, so flashing in pick-
up, so steady in speed, so untiring to
drive, so disciplined in control.
This is understandable when you check
the list of Chrysler engineering de-
velopments included in both the "65"
and the "75"—chassis and body features,
and combinations of features, to be
enjoyed only in Chrysler cars.
Chrysler offers, in the final analysis,

something more than just a motor car—
a delightful new phase, a thrilling new
experience, in motorcar performance.
You can pay more and still not equal
the performance or the intrinsic value
that Chrysler "65" and "75" both give
you at their remarkably moderate prices.
Ask any Chrysler dealer for a demon-
stration and learn the difference.

Mrs. Fred Marriot was visiting relatives here part of last week, she returned home to Rimley on Saturday. Roy Osborne and Mr. Vancycle were visitors at Roy's home here for a short time on Friday, enroute to Edmonton.

The North Star Oil Co. are putting in a supply tank here. Mrs. Dyson and Mrs. Hewitt and two sons left on Sunday for England. They will be absent for several months. They will visit Mrs. Hewitt's sister at Montreal for a short time and expect to sail on the Metagama on May 24th.

The Eckville Dramatic Society presented the play "The Dust of the Earth" at the Community Hall, on Friday evening last. The play was a good clean play and was one of the best amateur performances we have seen for some time. The characters were well taken and the make-up good. There were about nine characters and each one required a good deal of ability and the various players revealed good training. The scenery was also above the average for amateur work. A very good crowd was in attendance and they may be sure of a well filled house if they should return at another time. A dance followed the play.

A son was born to Mr. and Mrs. Walker Fuller of Breton at the Hospital on Saturday, May 18th, 1929.

The Ladies Hospital Auxiliary held their third annual meeting and election of officers on Thursday p.m. last at the home of Mrs. F. Thorp. A good crowd was in attendance. Mrs. Dyson and Mrs. J. C. Carrith who have held the offices of President and Secretary-Treasurer for the past year were re-elected by acclamation. There were several nominees for Vice-Pres. and Mrs. J. F. Miller having received a majority of the votes cast was elected. Owing to the fact that the President would be absent for a part of the year, it was thought to be advisable to elect a second Vice-Pres. Mrs. Woolgar being the only nominee was declared elected. At the close of the business session the Hostess served tea.

Rev. Powell, Supt. of Missions for the United Church was a visitor at the parsonage on Wednesday last. He enroute to his home in Calgary from a visit to Rimley.

Made in Canada Sale a Success

The "Made in Canada" sale held under the auspices of the Loyal Temperance Legion Band on Saturday was decidedly successful. Besides contributions received from various manufacturers, tables containing Canadian made products were kindly set up by several local merchants in order to make a more complete exhibit. Many buyers expressed surprise at the quantity of products which are manufactured in our native land. The tea tables and rooms were beautifully decorated with flags, lending an air of gaiety and celebration to the affair.

Members of the L.T.L. presided over the tea table and also clerked for the sale, and Mr. W. Avery, as judge of the cakes awarded first prize to Elizabeth Layton and second to Gladys Rhind with Jessie Hays a close competitor. Some very elaborate and artistic posters resulted from the sale, and Mr. W.
